

This is a page to outline some terms and rules that you as user should read and accept before using the website (deadmatterservers.xyz).

In general - DMSL can not be held responsible for the content of the Dead Matter Servers we have listed on the site. Users/Server owners can freely submit servers to this list and the administration on DMSL are not able to verify the actual content on each server.

If you should witness any immoral, illegal or bad behaviour on a Dead Matter Server we have listed on the site, we urge you to report it to us. By using the report button on the server's page

**For normal users:**

- If we spot deliberate cheating regarding voting we might ban the player from the site. If it is many from the same server that try to cheat, a penalty can be given to the server.
- Servers you can find on the website is used on your own risk - we cannot check the content of every server listed. We simply check if it is a actual Dead Matter Server, but not the actual content on the server.

If you should find a server listed on this website that seems to do anything illegal, immoral or act in some inappropriate way - we urge you to report the server

**For server owners (registered users):**

- You agree to receive occasional e-mails from Dead Matter Serverlist when it is relevant to Dead matter, this site or your server. Though no more than 2 e-mails pr. week.
- We do not accept "cracked" servers or advertisement of cracked servers. Cracking refers to breaking the law and we don't want to help people who don't want to purchase the game to enjoy it. We delete servers/users that advertise servers that try to attract cracked clients.
- We do not allow servers with themes on sex, religion, politics, drugs and similar.
- TITLE field is ONLY meant to be a title/name of server. Not a list of plugins or "Staff Needed".
- Only submit your server ONCE - if you try delete / resubmit to much, server IP will automaticly be flagged for review and possible banned from future advertisement on this website.
- You are not allowed to use any kinds of scripts or macros to communicate with this site. Eg. trying to vote automatic create, edit or bumping servers automatic. If we detect this you will be removed and banned.
- Do not manipulate your server data to enhance players online value or similar.
- If you find your servers is getting deleted by an admin, it is because you are breaking the rules somehow - work harder on your submission to avoid this. If this happends to much, we will end up blocking the IP from future advertisement on the website.
- You must make an english description - it is ok to include a local language description below if the server it meant for a specific nationality.
- Any kind of cheating or misusing the website, will result in your server getting deleted and banned. Cheating also involves fake voting in any way, rebumping without any new info, using wrong categories etc.

- Servers acting in any kind of bad way towards users/players are not wanted on the list. We react on reports from users, and urge users to report any bad behaviour witnessed.
